Lesson at a glance

Level: E2–E3 (L1 extension). **Time:** about 2 hours. **Aim:** understand short clips from the film; use the 2nd conditional to say what you would save and why.

Film: Life is a Destiny – A Child Migrant Story (Child Migrant Stories, 14 min) – youtube.com/watch?v=qtW3OfYDyOw. Argun came from Cyprus to London in 1964, aged 13. Today he runs a printing shop on Mare Street, Hackney.

Clips: 1 = 0:37–1:34 (hiding the album) 2 = 10:15–12:02 (Hurmus & Alara) 3 = 13:22–14:04 ("Life is a destiny", L1 only). Links on the slides start at the right time. Turn on English subtitles (CC). Play each clip twice.

Sensitivity: the film covers war and having to leave home. Some learners may have lived this. Keep personal questions optional – learners can always talk about an imaginary person.

Differentiation

Life is a Destiny – What would you save?

E2–E3 • Second conditional • Teacher notes & answer key (do not print for students)

Clip 2 – what they say (lightly tidied, if the video fails)

Interviewer: What do you think about Argun saving his photo album?

Hurmus: I think it's beautiful, because if he didn't, I wouldn't have these pictures to look at. Everything is in the memory, but when you look at things, it reminds you.

Alara: If my house was being bombed, I would take my phone and my charger. They would most likely take us to a house, and most houses have plugs. I'd charge my phone so I could keep in contact with everyone in my family. I wouldn't care about social media.

Argun: Pictures were very important to me. If I didn't take it, I wouldn't have childhood photos.
