E2 Speaking & Listening – Finish Task 4, then Future Plans (going to and will) – Day Plan and Answers

Week 10 · H-80035 · ESB criteria AC3.2 (present and past statements, present continuous for the future, time markers), AC4.3 (present and past simple questions) · Exam preparation: Tasks 1–4

Print: The print pack only – print once, double-sided, no settings changes. It holds these teacher pages, then 21 copies of the student handout (2 sides each). Learners use the Exam Practice worksheet from 12 Nov (sections E and F); spare copy only if one is lost: docs/esb-exam-tasks-1-4-practice-student-worksheet.pdf (2 pages).

Prep: None beyond printing. Before 12:30, post the online practice link in Teams General and import or open the Kahoot (Hub card). Have the Hangman link open on slide 2.

Project: One projector lesson all day: morning slides 1–10, afternoon (PC room) slides 11–17. Teacher notes are behind the Teacher note button. Learners need phones only for the Vote Card (slide 8, QR) and the wheels (optional).

Why this plan: On Thu 12 Nov the morning covered the Exam Practice worksheet to section D (Task 3), so sections E (Task 4a) and F (Task 4b) are done first. The afternoon covered Future Plans only to slide 8 of a lesson page that is not in the library, so this day teaches going to and will again as a self-contained lesson with new activities: Vote Card, online practice, Teams writing, a new Task 4a-style listening, the Referee Interviews wheels and a new Kahoot. No cutting out; learners need no paper cards. Next week: full practice of Tasks 1–4 (Exam Prep Lesson 13).
