E2 Superlatives, Likes and Reasons – Speaking and Task 4 Listening – Day Plan and Answers

Prep: Cut up the question cards (one set per group of three – six sets, letters A–F on the back). Before the afternoon: log in the PCs and post the online practice and TfL Journey Planner links in Teams General.

Print: Student handout (2 sides, one each). Question cards (3 sides, cut up). The afternoon is all on screen.

Follows on from: Comparatives (-er / more … than, good–better, bad–worse), TfL journey comparison and picture comparison. Next lesson: plans and the future (Exam Prep Lesson 5).

ESB Entry 2 Speaking & Listening links: Task 1 – answer questions about yourself with a reason; Task 4 – listen for the main idea and one detail, then discuss: give and ask for opinions, agree and disagree, take turns.

Lesson 1 (AM) – Superlatives, likes and reasons

Aims: learners make superlatives (the …est, the most …, the best / the worst), choose between comparative and superlative, say how much they like something and give a reason with because.

Min	Stage	What happens	Materials
0–10	Warm-up: shout it out	Six pairs on the projector. Learners shout comparative sentences; write the best ones up. Then fix four common mistakes from last week (more cheaper, then/than, badder, more big).	Projector 2–3
10–30	Presentation	Three ways to get to college: elicit the fastest / the slowest. Two things = comparative, three or more = superlative. Rules table and drill. Your turn: cold, happy, beautiful, wet, large.	Projector 4–5
30–45	Controlled practice	Handout Tasks 1–3 alone, check in pairs, answers on the projector.	Handout side 1, projector 6
45–60	Likes and reasons	Like scale (I love → I hate) with model answers. Task 4: number the phrases. Chain drill round the class: Do you like …? Why? Learners write two sentences.	Projector 7–8, handout Task 4
60–85	Speaking: Which is the best?	Groups of three with the question cards. Speaker answers for 30 seconds (superlative + like phrase + because), partner asks one more question, assessor ticks. Rotate roles. Learners may plan two cards in Task 5 first (words only).	Cut-up cards, projector 9, handout Task 5
85–95	Feedback	Three good sentences and three mistakes on the board; class fixes them. Exit sentence: The best thing about my week was … because …	Projector 10

Lesson 2 (PM, PC room) – Superlatives on screen, Task 4 listening and discussion

Aims: use superlatives with real journey information; listen for the main idea and a detail; take part in a three-way discussion giving opinions and reasons.

Min	Stage	What happens	Materials
0–15	Online practice	Comparatives and superlatives: Part A choose (16), Part B build the sentence (8). Go over the hardest question on the projector.	Online practice
15–40	Three places, one winner	Pairs choose three places in London, check journey times from college on the TfL Journey Planner, and post four sentences in Teams General: the nearest, the quickest, the longest, my favourite … because …	TfL Journey Planner, Teams
40–45	Share	4–5 pairs read their favourite place sentence; the class asks Why? or How do you get there?	PM projector 4
45–75	Task 4 listening	Explain the task. Read each script below twice at natural speed. Learners answer the yes/no question and the detail question, then the extra question.	PM projector 5–7, scripts below
75–90	Discussion	Groups of three: What is the best way to shop in London? Use the phrases on the projector. Everyone speaks at least three times and asks one question. Second topic if time: What is the best way to travel in London?	PM projector 8
90–105	Kahoot	Comparatives and superlatives (15 questions). Go back over any question most people got wrong.	Kahoot
105–110	Close	Preview next week: What are you going to do at the weekend? Tell a partner one plan.	PM projector 10

Differentiation

Support: reduce Task 1 to the first six words; give the frame The ___ is the …est because …; pair weaker learners as Speaker with a stronger Partner; in the TfL task one learner searches and the other writes.

Stretch: add a comparison in the same answer (The tube is the fastest, but the bus is cheaper); give two reasons (because … and …); in the discussion, learners must bring in the quietest person by name.

Learners: many live in hostels and may not be allowed to work – do not ask about homes, jobs or money unless learners offer it. No home addresses in Teams.

Listening scripts (read twice, at natural speed)

Listening 1 – a phone message. "Hi Sam, it's Nadia. I'm at the market on Ridley Road. The fruit here is cheaper than at the supermarket, and the mangoes are the best I've seen this year. Do you want some? They're three for two pounds. Call me back before twelve o'clock. Bye!"

Q1 Is Nadia at the supermarket? **No (she's at the market).** Q2 When should Sam call her back? **Before twelve o'clock.** Extra: How much are the mangoes? **Three for two pounds.**

Listening 2 – two friends. HANA: I need a new phone. Where's the best place to buy one? LEO: Try the shop on Mare Street. It's cheaper than the big shops in town. HANA: Is it far? LEO: No, it's the nearest phone shop to college. About ten minutes on foot. HANA: Great. I'll go after class.

Q1 Does Hana want to buy a phone? **Yes.** Q2 How long does it take to walk to the shop? **About ten minutes.** Extra: Why does Leo like the shop on Mare Street? **It's cheaper than the big shops in town.**

Answer key – student handout

Task 1: the cheapest · the biggest · the busiest · the nicest · the most expensive · the most comfortable · the best · the worst · the quietest · the easiest.

Task 2: 1 the fastest · 2 the busiest · 3 the most expensive · 4 the best · 5 the worst · 6 the quietest · 7 the biggest · 8 the most difficult.

Task 3: 1 faster · 2 the cheapest · 3 smaller · 4 the best · 5 more expensive · 6 the easiest.

Task 4: I love 1 · I really like 2 · I like 3 · I don't mind 4 · I don't like 5 · I hate 6. Sentences will vary: listen for a like phrase + because + a reason.

Task 5: answers will vary. Assessor ticks: superlative with the, like phrase, because, answered the partner's question.
