E1 Days, Times and Prices – Community Centre – Task 4 Listening and Task 2 Talk – Day Plan and Answers

Entry 1 Speaking & Listening · PC room · about 2 hours · present simple only (is / starts / finishes / costs; What time does it start?)

Prep: Print the print pack once (double-sided, no settings): this plan, then one talk-frame sheet per learner. No cutting. Open the projector page and check the sound. Learners need their phones for the Vote Card.

Aims: Understand days, times and prices in short messages and conversations (Task 4); ask and answer What day / What time / How much; give a one-minute talk about "My week" and answer two questions (Task 2).

Why this shape: One community-centre timetable runs through the whole lesson, so each activity uses the language from the one before: read → ask → listen → information gap → grammar check → talk.
