Lesson 1 (AM) – Days, times and prices for Task 4

Aims: learners say and recognise the days, prices and times, and answer a yes/no and a detail question about a very short spoken text.

10 min – Warm-up (projector): three present-simple sentences about my week with a day and a time (On Monday I go to college at nine o'clock); partner asks one question. Recycles Task 2.

20 min – Days of the week (Lesson 11, Activity 1): rhythm drill, WordWall days wheel, missing day on the slide, Tuesday/Thursday fingers drill, today/tomorrow. Handout Section A.

25 min – Prices (Activity 2): say the eight prices, touch the price, How much is…? open then closed pairs. Section B dictation.

30 min – Listen for one thing (Activity 3): steps on the projector; Texts 1 and 2 with Yes/No on phones (vote card QR on the slide), then Section C; Section D on the third reading; pairs read Script B as a dialogue.

5 min – Quick fire round the room; show the QR code for phone practice.

Differentiation: stronger learners give full-sentence answers (It's at ten o'clock) and read Script B without the gaps; weaker learners use the Yes/No vote card and point to the price or day on the board before saying it.

Lesson 2 (PM, PC room) – Exam mode, our own listening, finish the talk

Aims: learners answer Task 4 questions aloud without writing, make and understand a sentence with a day and a time, and finish and say their Task 2 talk.

15 min – Exam mode (Lesson 11, Activity 4): Texts 3 and 4, As answer yes/no, Bs the detail, then swap; four learners answer in a full sentence.

15 min – Our own listening (Activity 5): type one sentence in Teams General (My … is on … at …), read it to a partner twice; six learners read to the class.

15 min – Online practice: days, prices, times, read and answer. Early finishers: Task 4 Put It in Order.

25 min – Task 2 Talk Builder from "Your plan": plan, check, useful phrases, then say the talk to a partner with the one-minute timer; partner asks one question.

10 min – Kahoot (20 questions), then exit: one day and time heard today, and the first sentence of your talk.
