E3 Reading – Week 9 Monday – Pronouns, Word Meaning and Ordering Tasks – Day Plan

Mon 9 Nov 2026 · Hackney · H-80042 · ESB criteria AC1.2, AC1.3, AC1.4, AC3.1, AC4.1 (and all criteria in the practice paper)

Prep: cut out the 15 alphabetical order word cards (one set). Afternoon in the PC room: log the PCs in and open the online practice page. Before 1:30, set the desks apart for the timed paper.

From Wednesday's log: the morning (Exam Prep Lesson 1) was taught as planned. In the afternoon learners continued the secret purpose cards writing with feedback and the purpose clues activity, so Exam Prep Lesson 2 (pronouns, word meaning, details) and its Kahoot move to this morning. The purpose writing is done – no need to repeat it; use the Purpose Clues sort as a short settle-in only.

Built on: Exam Prep Lesson 2 (morning) and Exam Prep Lesson 3 (afternoon) from the library – use those plans for full activity steps and answer keys. This day plan adds timings, the projector lessons, the online practice and the Kahoot.

Print: Handouts 2A, 2B, 2C (one each – use Wednesday's copies if you still have them); Handouts 3A, 3B, 3C (one each); alphabetical order word cards (one set, 4 sheets). **Project:** morning – Reading Detectives projector lesson, slides 6–12; afternoon – Put It in Order projector lesson (14 slides, with a 40-minute timer).

Morning – Exam Prep Lesson 2: Pronouns, word meaning and details (about 9:40–11:45)

Time	Activity	Slides / handout
9:40 (10)	Settle in while the register is done: Purpose Clues drag-and-sort on the projector or phones – a quick recap of Wednesday.	Purpose Clues page
9:50 (20)	Activity 1: Who is "he"? What is "it"? Board examples and the three-step rule (look back, singular or plural, person or thing), then 2A. Quick check with the pronoun slide.	Slides 6–7 · 2A
10:10 (20)	Activity 2: Read and track the pronouns in "Two Wheels and a New Start"; 2C section A.	2B · 2C A
10:30 (25)	Activity 3: Guess the word from its neighbours. Read around the word, then the clue table and questions 5–8. Practise on the slide first.	Slides 8–9 · 2C B
10:55 (25)	Activity 4: Find the detail when the words are different. Matching on the slide, then 2C section C alone in ten minutes.	Slide 10 · 2C C
11:20 (15)	Kahoot: 10 questions on purpose, pronouns, word meaning and main points. Go over the most-missed question.	Slide 11
11:35 (10)	Activity 5: Be the examiner (short): pairs write one question about "Two Wheels" for another pair. Close with the sentence stems.	Slide 12

Afternoon, PC room – Exam Prep Lesson 3: Ordering tasks and a timed practice paper (about 12:30–2:30)

Time	Activity	Slides / handout
12:30 (10)	Activity 1: Tell the class your morning out of order; learners tap the events in order on the slide. Board the time words; before and after in red.	Slides 2–3
12:40 (20)	"The first event in the sentence is not always first in time": five sentences on the slide. Then 3A alone, check in pairs, prove each place with a time word. Teach the three-step ordering routine.	Slides 4–6 · 3A
13:00 (15)	Activity 2: Alphabetical order. Five learners hold the Set 1 cards at the front; the class corrects them. Repeat with Set 2 (second letter) and Set 3 (third and fourth letter), then the paper method. 3B alone.	Word cards · slides 7–10 · 3B
13:15 (15)	PCs: online practice – What happened first?, four short time-order	Online practice

	texts, six alphabetical sets. Pairs who finish help a neighbour.	
13:30 (40)	Activity 3: Timed practice paper 3C. Screens off, desks apart, phones away. Start the 40-minute timer; warnings at 20 and 35 minutes. Note where individuals get stuck.	Slide 11 · 3C
14:10 (15)	Activity 4: Prove it. Swap and mark. For each answer: one learner gives the letter, another the line that proves it. Discuss questions 2 and 6.	Slide 12
14:25 (5)	Activity 5: Exam day routine. Learners write “Next time I will …” on their paper.	Slide 13

Differentiation: weaker learners do 2C and 3A in pairs and get the paragraph number for each question; in the online practice they start with part 1. Stronger learners write a second exam question in Activity 5 and try the “tr” set (fourth letter) online. If the afternoon runs late, shorten the online practice, not the timed paper.
