E2 Speaking & Listening – Comparatives – Teacher Plan

Thursday lessons 1 (AM) and 2 (PM, PC room) · class shared with Joey

Two-week focus (changed from the scheme)

Thursday	Focus	Speaking / exam link	Kahoot
This Thursday	Comparatives: -er / more … than; good-better, bad-worse	T3: describing and comparing pictures; first look at preferences	Comparatives
Next Thursday	Simple future: will (predictions, quick decisions) and going to (plans)	T2 talk: plans and predictions; asking follow-up questions	Will / going to
Thursday after	Mix and consolidate: comparing + future, preferences, T3 practice	T3 and T4b practice; feedback	Comparatives and future

Original scheme had past simple review and question forms this week. The comparatives and future Kahoots replace the revision Kahoot.

Lesson 1 (AM) – Comparatives: form and use

Aims: make comparatives (-er, more, irregular); compare two things with than; speak about prices and journeys.

Min	Stage	What happens	Materials
0–10	Settle-in	For early arrivals: write 3 things that are bigger or faster than a bike.	Slide 2
10–20	Warm-up / aims	Pairs: A bus is _____ than a bike. Elicit bigger. Show aims; ask what they want to compare.	Slides 2–3
20–45	Presentation	Examples with than, then -er, spelling rules, more + adjective, good/better, bad/worse. Concept-check: teacher says an adjective, students call out the comparative. Drill 3 times.	Slides 4–7
45–70	Controlled practice 1	Task 1 in pairs: comparative + group A–D. Check on the board.	Slide 8, worksheet T1
70–90	Controlled practice 2	Task 2 gap-fill alone, check in pairs, then answers.	Worksheet T2, slide 12
90–115	Freer speaking	Pairs compare market and supermarket prices, then the three journeys. Teacher listens for than and for more/-er mistakes. Students write 4 sentences (Task 3). 2–3 pairs say sentences to the class.	Slides 9–10, worksheet T3
115–125	Review	Whole class: teacher says adjective, students say comparative. Show speaking frame for next lesson.	Slide 11

Lesson 2 (PM, PC room) – Compare, prefer, T3 practice

Aims: use comparatives on a real task online; describe, compare and say what you prefer (ESB T3 style).

Min	Stage	What happens	Materials
0–10	Settle-in	Log in to PC and Teams. Type 3 comparative sentences about London in Word.	Own PC
10–20	Recap	Quick-fire: teacher says adjective, students say comparative. Re-show slides 5–7 if needed.	Slides 5–7
20–60	PC task	TfL Journey Planner: students compare bus, tube/train, walking and cycling for a journey they know (from near home to college). Fill Task 4 table, write 3 sentences, type and post in Teams General.	Slide 13, worksheet T4
60–65	Share	3 students read a sentence aloud; class says if than is correct.	
65–95	Speaking T3	Show speaking frame. Model with picture pair: describe, compare, prefer. 1-minute planning (words only) in Task 5. Pairs A/B, 30 seconds each, then swap.	Slides 11, 14–15, worksheet T5
95–115	Kahoot	Comparatives Kahoot (10 questions). Students on phones.	Slide 16, Kahoot file

		Discuss any question most got wrong.	
115–120	Exit ticket	Write 3 comparing sentences. Preview: next week the future (will / going to).	Slide 17

Differentiation

Stronger: add as … as (The bus is as cheap as …), more than two things, give reasons with because/so. Weaker: reduce Task 1 to the first 6 words; give sentence starters (A … is … than …); pair with a stronger partner for T3.

Learners: avoid assumptions about cars, homes and money. For Task 4, any journey is fine; no home address needed.

Answer key (do not print for students)

Task 1: cheap – cheaper A · expensive – more expensive C · fast – faster A · busy – busier B · comfortable – more comfortable C · good – better D · big – bigger A · easy – easier B · crowded – more crowded C · bad – worse D · old – older A · healthy – healthier B.

Task 2: 1 cheaper · 2 faster · 3 more expensive · 4 quieter · 5 busier · 6 healthier · 7 more comfortable · 8 better · 9 worse.

Task 3 (model): Bananas are cheaper at the market than at the supermarket. Tomatoes are more expensive at the market than at the supermarket. The tube is faster than the bus. The bike is cheaper than the tube.

Task 4 and 5: answers will vary. Listen for than, comparative form, and a reason after because.

ROW snippet (paste into the E2 Record of Work)

Date	Teacher	Activities	Notes
Thu 5 Nov	Atin	AM: Comparatives – form and use. Warm-up, -er / more / irregular forms, sorting and gap-fill tasks, pair speaking comparing market and supermarket prices and bus, tube and bike journeys. PM, PC room: Compared bus, tube, walking and cycling times on the TfL Journey Planner, typed three comparing sentences and posted them in Teams General. Picture comparison speaking practice (describe, compare, prefer) and Comparatives Kahoot.
